

EXTENDED PRODUCER RESPONSIBILITY

What might producers have to do regarding EPR?

EPR is not just about shifting responsibility for packaging disposal to the producer. It's about sharing the responsibility. Below in a graphic that breaks down some of the guidelines that producers will have to meet.

Extended Producer Responsibility Checklist

STEP 01	Registration and reporting duties 	Take-back obligations for distributors and retailers 	STEP 04
STEP 02	Financial guarantees 	Design requirements such as markings, substance bans, and design criteria 	STEP 05
STEP 03	Financing for take back and recycling 	Information for consumers and recyclers 	STEP 06
