

Improved Quality of Packaging Specifications

Developed Packaging Platform Strategies

Packaging Department Growth from 5 to 30 Engineers

## OPERATIONAL PROCESSES

Develop a Global Packaging Department

### Client Needs

A leading Biotech company needed support in building a global packaging function enabling growth, speed to market, and consistency. They also needed to align internal global sites and CMOs with templates, business processes and subject matter expertise.

### Steps Taken by the Adept Team

- Engaged with each global location and key stakeholders to determine the problematic areas and pressing issues
- Created a guide to explain the benefits of the global function and improved speed to market for pipeline drugs
- Implemented improvements, harmonization and business processes
